2002 Netherlands

Domburg, Netherlands, 4-22.11.2002

Match Rules: Two tournament games (four for goldne medla match). In case of tie, a playoff match consisting of two games with a time control of 15'+10". If still undecided, blitz games (5'+3") until the first win, up to a maximum of 4 games. The final game (after 4 blitzes): players draw for colors, White must win and has 5'+ 3" on the clock, Black only needs a draw and has 3'+3" on the clock.
The first 4 rounds were designed to determine the final with **top eight**. Pairings for the 1st round were determined by a draw (divided into groups based on ratings). In the 2nd round, winners played against winners from the 1st round, and losers against losers. Those who lost for a second time were eliminated from the tournament (calssyfied as 25th), while those who won for a second time advanced directly to the 4th round. In the 3rd round, players with one won match and one lost match faced each other. The losers (classyfied as 17th) were eliminated from the tournament, and the winners advanced to the 4th round. In the 4th round, the rule is simple: the winners advance to the finals, and the losers share 9th place.
