Topic: AIMS - Clean Sport Education Webinar for National Federations

Description

Welcome to this Clean Sport Education Webinar hosted by the International Testing Agency on behalf of the Alliance of Independent Recognized Members of Sport (AIMS).

This webinar, designed for National Federations (NFs), will provide an overview of anti-doping education and its role in supporting athletes to compete clean. NFs have an important role in education efforts, and we will outline your specific responsibilities during the session. Recognising the complexities of anti-doping, the webinar will also present the available resources to support you.

Join us to empower your athletes and enhance your federation's anti-doping efforts! We will allocate time at the end of the session for a live Q&A to address your questions.

This webinar will be delivered in English, with simultaneous translation in French (français), Spanish (español) and Russian (русский). Automated translated captions will also be available, and all attendees will receive a PDF of the webinar presentation, including links to the resources covered.

1st Social media post:

🗓️ Mark your calendars! Join us for the upcoming webinar, designed for National Federations (NFs) of the AIMS community. This session will provide an overview of anti-doping education and highlight its importance in supporting your athletes to compete clean.
