¹ Countries with national women championship organised and reported regularly to FMJD.

Format of the tournament

6. Rapid and Blitz are open for any participants. Rapid and Blitz will be played according to FMJD Annex 6 rapid and blitz games. The system to be applied will depend on the number of players (Blitz and rapid – details will be announced during technical meeting.)

(a) game rate for rapid → 15' + 3''

(b) game rate for blitz → 5' + 3''

7. The MAIN tournament will be played as a round-robin, so 15 rounds in total.

8. The official rules of the FMJD will be used. Use of clocks and recording games is compulsory during the whole game. The games will be played in the official FMJD time rate of the Fischer system with 1h20 per player plus 1 minute per move. Conforming to the FMJD regulations players are not allowed to agree on a draw before they both made 40 moves. If they do so nevertheless, the referee is obliged to decide on a 0-0 result.

9. The final classification will be based on the total points obtained. The first place gives right to the title of '**World Champion International Draughts Women 2013**'.

10. If two or more players share the same place the following factors will be used to define the places occupied:

(a) the largest number of victories

(b) largest difference between plus and minus draws

(c) largest number of plus draws

(d) the best results between the tied players

(e) the best results obtained in order of the classification

(in comparing the results between the players a plus draw is better than a normal draw which is better than a minus draw)

11. If the criteria from the previous point will not decide about final order:

(a) for the places 1, 2 or 3 - a deciding tie-break will be played:

One tie-break with system Lehmann-Georgiev (15 minutes and 2 seconds added per move for an unlimited number of games). If more players shared place then round robin tournament with G-L games (10 minutes and 2 seconds). The number of minutes to start with may be changed by the main referee depending on the number of players ending ex-aequo and the time available, if necessary after consultation with the Tournament Director FMJD and the organization.

(b) for the places 4- ... the places will be shared (prizes will be divided)

12. "Plus Draw"

(a) When the result of a game is a draw and when there is a difference of 3 men or more (a king counting for two men, e.g. 2 kings and 1 man against 1 king) then the player with the majority gets a plus draw and his opponent receives a minus draw. This rule holds for the draw by mutual consent (see Annex 1 article 7) and for the regulatory draw (See Annex 1, article 6: three times the same position, the 25 moves rule, the 16 moves rule and the 5 moves rule). The players write a 1+ or 1- on their notation forms.

- (b) If a position of a king plus 2 men against a King is reached then, as given in Annex 1 article 6.3, a maximum of 16 moves may be played. If the game is not yet ended the result is a plus draw for the player with the 3 pieces, unless 2 of the 3 pieces are not yet King and their promotion can be prevented by the player with one King.
- (c) If it is clear for both players that the game will end in a plus draw they may agree upon a plus draw even if the difference of three men is not yet reached on the board.
- (d) If it is clear for both players that the game will end in an equal draw they may agree upon such a draw even if there is a difference of three men or more on the board.
