World Cup classification.

1. World Cup standing will be published together with rating publication and also after each World Cup event. Always the 4 best results are published from the previous 24 months (day of last round decides).
Example: WCup 1/3/2018 collects results from each tournament ended in the period: 1/3/2016 - 28/2/2018
2. After the last event of every year, a World Cup winner will be announced using the standings data calculated up to January 1st of the following year
3. If World Cup classification will be used for any event to choose players, the classification of a month prior to the date of the event opening will be used (example: Elite Events starts at December 7th - World Cup November 1st will be used). This date can be adjusted in special cases defined by FMJD partners/sponsors.

¹ The winner! Not “best in order”.

² Previous decision from April is not valid anymore.
